25X1 4. [] Talked with Miss Watterson in
25X1 Senator Cotton's office about [] a surplus personnel
25X1 case. The Senator is interested in the reasons for [] termina-
25X1 tion [] and we have agreed to give her
25X1 a letter for the Senator's information.

25X1 5. [] Mr. Warner, []
25X1 [] (Commo) met with Mr. John Leahy (State Depart-
25X1 ment Congressional Relations) and Deputy Assistant Secretary of
25X1 State for Operations, Mr. Henry H. Ford, to discuss plans for
25X1 action on the House and Senate bills to amend section 305 of the
25X1 Communications Act to permit reciprocity with foreign countries
25X1 in the establishment of low power radio transmitters. (See
25X1 Memorandum for the Record for details.)

25X1 6. [] Harry Degan, Security,
25X1 called to say that [] who was referred to the
25X1 Agency by Senator Tower, has contacted Security in connection
25X1 with a request from the Senator that she assist him in some office
25X1 work tomorrow, without compensation. I advised Degan that he
25X1 should determine that this work would not involve work of a
25X1 political nature and suggested that he indicate to []
25X1 that the Agency did not object on a single instance of this sort,
25X1 but that she should not become involved in working periodically
25X1 for the Senator.

25X1 7. [] In response to Senator
25X1 Jacob K. Javits' letter of 17 May concerning Soviet press agency
25X1 reaction to Senator Javits' letters and statements on the situation
25X1 of the Jews in the Soviet Union, I advised Mr. Alan Lesser,
25X1 Executive Assistant to Senator Javits, that it had not been possible
25X1 to have a letter signed by Mr. McCone before his departure from
25X1 the city today. (See Journal item of 28 May.) I briefed Mr. Lesser
25X1 in accordance with the content of the letter that had been prepared
25X1 for Mr. McCone's signature and requested that in any use of the
25X1 information provided, there be no attribution as to the source of
25X1 the information. Mr. Lesser thanked us for the information and
25X1 indicated that no attribution would be given. No written response
25X1 to the Senator's letter will be required.
